To Whom It May Concern:

Re: Letter of Recommendation – Corcare Systems Ltd.

Rose Marie Lloyd, GSC, President of Corcare Systems Ltd., was contracted by Pioneer Truck Lines Ltd. since June of 2007 on a contract basis working throughout this time helping to improve the Safety Department and thus achieve our Company Goals.

Rose has shown herself to be a very positive and professional individual with a good knowledge base in Safety related issues. We plan to continue to use Corcare's services on a contract basis to take care of Safety related issues as needed.

I would recommend Corcare Systems Ltd. to other Companies and Organizations interested in improving their Safety program

Sincerely,

Randy Koutzun
General Manager
